

PDMS-E FREE ACCESS FOR POLYCOM STUDIO

GET FREE ACCESS TO PDMS-E AND SIMPLIFY STAGING,
DEPLOYMENT, AND MANAGEMENT OF YOUR POLYCOM
STUDIO DEVICES

AT A GLANCE

How to get free access to PDMS-E for Polycom Studio

1. Apply via the 60-day Trial License form: <https://www.polycom.com/forms/pdms-e-trial.html>. Management of Polycom Studio does not consume a device management license, so you can continue to use it after the 60 days has expired. You'll receive an email within one to two business days from Polycom Licensing (licenceadmin@polycom.com) with the license keys.
2. Log in to tenant and activate the PDMS-E service with the instructions.
3. Download and install the Polycom Companion app. Connect your Polycom Studio to your computer and configure the Polycom Studio Wi-Fi settings.
<https://support.polycom.com/content/support/north-america/usa/en/support/video/companion/companion.html>
4. In PDMS-E, find the Provisioning Service Address tab under Provisioning Settings. Under the tab, you'll find the provisioning server details. Enter the provisioning server details into the Polycom Companion App from PDMS-E.
5. PDMS-E Monitoring: Confirm device appears in PDMS-E. Note that no license is needed to manage Polycom Studio.

Status	Device Name	Model	Serial Number
		VVX 411	641675ad615
	Alano-desk-vvx	VVX 601	6416752ab87
