Barcode Maker

BARCODING SOLUTION

Productivity Solutions for Small Businesses

Easily create barcodes for use in Microsoft Word® and Microsoft Excel® with Wasp Barcode Maker – the one-click barcode creation software. Simply select the text, click on the integrated Barcode Maker toolbar, and instantly generate your barcode. Choose from 13 linear barcode symbologies, ideal for a range of applications, including office and retail use, manufacturing, shipping, and asset management.

Efficiently add barcodes to a Microsoft Word document and print, email, or mail merge the file, keeping barcodes intact. Produce a barcoded stock list in Microsoft Excel, generating thousands of barcodes by simply highlighting text and selecting your font in the Barcode Maker Font toolbar. Dynamically update barcodes by linking to data in Microsoft Excel or Microsoft Access®. Changes to the original information will automatically update the barcode. Rapidly create product scan sheets or shadow books for easy retail checkout. Eliminate data entry errors by barcoding customer and invoice numbers.

Barcode Maker supports the following commonly used 1D barcode symbologies:

- Codabar
- UPC-A
- EAN/JAN-13
- MSI/Plessey
- Interleaved 2 of 5
- Code 128
- LOGMARS
- Code 93
- Code 3 of 9 Full ASCII
- PostNet
- EAN/JAN-8
- UPC-E
- Code 3 of 9 Standard

BARCODE MAKER PRO

Select Barcode Marker Pro to create 2D barcodes and to add barcodes to Microsoft Access or Crystal Reports™. Barcode Maker Pro supports the following 2D barcode symbologies:
